# Mandatory Water-Use Restrictions

## Drought Alert Level 2

Stop washing down paved surfaces, including but not limited to sidewalks, driveways, parking lots, tennis courts, or patios, except when it is necessary to alleviate safety or sanitation hazards.

Stop water waste resulting from inefficient landscape irrigation, such as runoff, low head drainage, or overspray, etc. Similarly, stop water flows onto non-targeted areas, such as adjacent property, non-irrigated areas, hardscapes, roadways, or structures.

Irrigate residential and commercial landscape before 10 a.m. and after 6 p.m. only.

Use a hand-held hose equipped with a positive shut-off nozzle or bucket to water landscaped areas, including trees and shrubs located on residential and commercial properties that are not irrigated by a landscape irrigation system.

Irrigate nursery and commercial grower's products before 10 a.m. and after 6 p.m. only. Watering is permitted at any time with a hand-held hose equipped with a positive shut-off nozzle, a bucket, or when a drip/micro-irrigation system/equipment is used. Irrigation of nursery propagation beds is permitted at any time. Watering of livestock is permitted at any time.

Wash vehicles using a bucket and a hand-held hose with positive shut-off nozzle, mobile high pressure/low volume wash system, or at a commercial site that re-circulates (reclaims) water on-site. Avoid washing during hot conditions when additional water is required due to evaporation.

Serve and refill water in restaurants and other food service establishments only upon request.

Offer guests in hotels, motels, and other commercial lodging establishments the option of not laundering towels and linens daily.

Use recycled or non-potable water for construction purposes when available.

Limit residential and commercial landscape irrigation to no more than three days per week. This section shall not apply to commercial growers or nurseries.

Limit lawn watering and landscape irrigation using sprinklers to no more than ten (10) minutes per watering station per day. This provision does not apply to landscape irrigation systems using water efficient devices, including but not limited to: weather based controllers, drip/micro-irrigation systems and stream rotor sprinklers.

Repair all leaks within seventy-two (72) hours of notification by the Lakeside Water District unless other arrangements are made with the General Manager or designee.

Stop operating ornamental fountains or similar decorative water features unless recycled water is used.

New Meter Restrictions - Demand offset fee required.
